Hi Jeff:

I understand from today's e-mail message from Cliff Villa that a work plan has been agreed to and that a two-week extension for its execution has been granted. Yakima County hasn't seen the plan yet. We have posted the property with a notice of violation of our land use and development laws and it is likely that any remedial work will require further permitting from Yakima County. Has that been factored into the work plan that everyone (but us) has agreed to?

I look forward to your prompt response.
